

Associate Director, Property, Assets and Risk Management Toronto and Region Conservation Authority

Toronto and Region Conservation Authority (TRCA) safeguards and enhances the health and well-being of watershed communities for more than 3.5M people. TRCA protects the integrity and health of the rivers and creeks, while protecting, restoring, and enhancing a system of green and natural spaces that sustain local ecosystems and advance sustainable practices that improve people's lives. If you share TRCA's passion for the environment and support their Mission to protect, conserve and restore natural resources and develop resilient communities through education, the application of science, community engagement, service excellence, and collaboration, then this opportunity is for you.

Reporting to the Chief Financial and Operating Officer, the Associate Director, Property, Assets and Risk Management provides overall long-term strategic direction for TRCA's real estate portfolio including the securement of land, management, rental and lease of TRCA land and built assets with the objective of building partnerships, new business models and maximize the value of both land and built assets. This position also ensures that senior management, and employees in general, are integrating risk management principles in their discussions and decision-making processes as well as overseeing the mitigation of corporate risk through insurance coverage, legal services, and compliance. This position is also responsible for the overall long-term strategic direction for design and delivery of major capital projects, including TRCA's new corporate office and related accommodations which provide healthy and inspiring space that encourages employee performance and enables flexible work arrangements while incorporating renewable energy, green building, and sustainable technologies where possible. As a member of the Senior Management Team, guiding the strategic direction of the organization is a key accountability.

The ideal candidate is a seasoned leader with a post-secondary degree or diploma in a related field and at least ten years of progressive experience in real estate, appraisal, planning, legal, business administration, property management and/or asset management. The successful candidate has the skills and understanding in assessing real estate and has knowledge of all legislation governing TRCA activities and related regulations as well as advanced project management, communication, and relationship skills. Human resources management and fostering a culture that supports diversity, equity and inclusion will ensure employee and division/strategic objectives are aligned. The Associate Director will exhibit strong analytical skills, ability in large scale and complex budget preparation and management and will creatively problem solve while collaborating on opportunities.

Toronto and Region Conservation Authority is an equal opportunity employer. In accordance with the Accessible Canada Act, 2019 and all applicable provincial accessibility standards, upon request, accommodation will be provided by both Odgers Berndtson and Toronto and Region Conservation Authority throughout the recruitment, selection and/or assessment process to applicants with disabilities.
